Rescheduled: Nighttime Detour of Eastbound State Road 836/Dolphin Expressway for a Traffic Shift

MIAMI — As part of the State Road (S.R.) 826/S.R. 836 Interchange Reconstruction Project, all eastbound S.R. 836 travel lanes will close between NW 87 Avenue and S.R. 826. A detour will be in effect between the hours of 10 p.m. and 5:30 a.m., Sunday, July 25. Drivers heading east on S.R. 836 who want to continue east or go to S.R. 826 will be guided to the NW 87 Avenue exit where they will travel south until they reach West Flagler Street. At West Flagler Street, drivers will turn east (left) until they reach the S.R. 826 entrance ramps where they can choose to head south or north and get on eastbound S.R. 836.

The closures will allow the contractor to shift eastbound S.R. 836 traffic on Monday morning to the new travel lanes in the area that separates the two sides of the roadway between NW 87 Avenue and S.R. 826. **Please note that this schedule may change due to bad weather or other unforeseen conditions.**

For more information about the S.R. 826/S.R. 836 Interchange Reconstruction Project, please contact Construction Public Information Specialist Oscar Gonzalez at 786-280-0983 or Project Engineer Francis Chin at 305-388-5450 or go to www.826-836.com.

Drivers are encouraged to call 511 before they drive or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT reminds drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in work zones.
